No problem! I'm having trouble keeping track of all my sites, too!

Oh drat, I thought you were asking about the Columbia Falls page, which I was just working on.

This is what we had for Upper Cement Creek in November 2011, which was never published.

Hi, Bill.

I'm sure you sent me a link to the draft Upper Animas Web page, but I can't seem to find it.
Could you shoot it to me again?

Thanks!
